Section 3: Supporting Information

The information that you have provided in <u>sections 1 and 2</u> will be used to help inform the admission decision. The published oversubscription criteria will be applied if there are more applications received at the same time than there are places available. A place will be offered in the year group requested <u>only</u> where a further admission would not *'prejudice the efficient delivery of education or the efficient use of resources'* or, where applicable, unlawfully breach the statutory Infant Class Size Limit.

If a place **can** be offered, the information you provide below will help the Admissions Committee to determine any specific support your child will require on joining the school.

If a place **cannot** be offered and your child is <u>not on roll or attending a school at the time of application</u>, the information you provide below will help the Admission Authority to identify whether he/she qualifies against one or more of the criteria set out in the North Somerset Council Fair Access Protocol. Where this is the case, the Admission Authority will refer your application to this council in order that an officer might engage with you and help secure a suitable educational placement without undue delay.

The Admission Authority or an appointed agent may contact you to discuss the information you provide, in order that your circumstances are clear and that you are be supported as fully as possible throughout the In-Year admissions process.
